WELCOME

Hi and welcome to Diamond Protection Training!

Diamond Protection Training is a Registered Training Organisation (RTO) dedicated to delivering nationally accredited training programs throughout Australia.

Our training and assessment materials are moderated and validated regularly to ensure that they meet with Australian Skills Quality Association (ASQA) standards and requirements.

All training is outcome-based with a focus on achieving measurable changes in the workplace.

We are experts in tailoring training to the requirements of our customers to ensure active learner engagement and 'hands on' practical training.

'hands on' practical training.

Diamond Protection Training's structure and practices are designed to ensure our training product relevance, standards and consistency, and delivery excellence.

This is achieved through industry liaison, providing a credible point of reference for industry stakeholders to discuss current and future training needs.

Our team consists of industry experienced professionals who can practice what they preach due to years of experience in medical, fire, rescue and workplace safety.

We are flexible in our training approach and understand the differing styles abilities and needs of learners. We enable trainees to prove their abilities in a supportive learning environment providing mentoring services to both learners and their supervisors.

We recruit only the best people, and we truly love what we do!

Our team exists to help you keep your team safe, please talk to us about putting together a site-specific tailored training program to ensure that your team retains the skills and knowledge required to keep safe at work.

We look forward to hearing from you soon.

CEO

ABOUT US

Established in 2008 the Trustee for First Aid Training Trust RTO # 32273. In 2020, this entity is now trading as 'Diamond Protection Training' ABN: 34 857 814 019.

Diamond Protection Training is a 100% Australian owned and operated training business. Its primary objective is to deliver professional and high quality nationally recognised training in safety, first aid and emergency response throughout Australia and at its National Tactical Training Centre based in Chinchilla Queensland Australia.

100% Australian owned and operated training business

We are excited to announce that our National Tactical Training Centre in Queensland is completed and provides a 'one-stop-live-in-solution' to industry, clients and general public in the fields of safety, first aid and emergency services.

In this current climate, strategic planning is vital to achieve successful and sustainable growth.

Our focus is on providing high quality, personalized, industry relevant educational programs and services within a flexible framework.

Our trainers and leadership / support team believe in building relationships based on mutual trust, respect, and support.

mutual trust, respect, and support

Our strategic plan will underpin all future work undertaken by us. More than a call for action, the plan's priorities reflect the key challenges we face and our strategic steps to ensure quality delivery of training and success for all.

Through this plan we will determine how our business will build relationships internally, with business/industry, with our partners, staff, students, clients and within the wider community – at local and state levels throughout the nation.

We commend Our Strategic Plan to our stakeholders and thank them to enable us to build a centre and training capabilities which is vibrant, prosperous, connected, and sustainable – we are excited about our future.

CORE VALUES

To be recognised as the Market Leader in the delivery of Safety, Fire and Rescue/Emergency Response, through innovative and world best practices, throughout Australia.

Our core values represent who we are and what we stand for. We live and breathe our core values and they are at the heart of every decision that we make.

We live and breathe our core values
